SCMG 589	Supply Chain Management Consulting <sup>5</sup>	3
<b>Total Hours</b>		<b>36</b>

<sup>1</sup> Program requirements are subject to change based on course/instructor availability.

<sup>2</sup> The prerequisite requirement is met if you have completed a minimum of one undergraduate course (3 credit hours) of comparable content in the prerequisite subject area within the last seven years with a grade of B (or equivalent) or higher if the course is determined appropriate by their academic advisor.

<sup>3</sup> This course can be substituted with a program elective by the approval of the academic director and depending on the academic background. Typically, you need to have completed a minimum of one undergraduate course (3 credit hours) of comparable content in the subject area within the last five years with a grade of B (or equivalent) or higher if the course is determined appropriate by their academic advisor.

<sup>4</sup> INFS 795 may be taken to fulfill the Ethics requirement **OR** the Electives requirement, not both.

<sup>5</sup> All required courses must be completed prior to or concurrently with SCMG 589.

## Suggested Sequence of Courses

The below sequence of courses is meant to be used as a suggested path for completing coursework. An individual student's completion of requirements depends on course offerings in a given term as well as the start term for a major or graduate study. Students should consult their advisor for assistance with course selection.

<b>Term 1</b>		
SCMG 480	Intro to Operations Management	3
Ethics course		3
<b>Hours</b>		<b>6</b>
<b>Term 2</b>		
INFS 443	Business Analytics	3
Select one from Electives		3
<b>Hours</b>		<b>6</b>
<b>Term 3</b>		
SCMG 487	Purchasing Management	3
SCMG 589	Supply Chain Management Consulting	3
<b>Hours</b>		<b>6</b>
<b>Term 4</b>		
SCMG 486	Global Logistics	3
Select one from Electives		3
<b>Hours</b>		<b>6</b>
<b>Term 5</b>		
ISSCM 495	Forecasting Methods	3
SCMG 489	Supply Chain Analytics	3
<b>Hours</b>		<b>6</b>
<b>Term 6</b>		
SCMG 488	Inventory Management	3
Select one from Electives		3
<b>Hours</b>		<b>6</b>
<b>Total Hours</b>		<b>36</b>

## Graduate & Professional Standards and Regulations

Students in graduate and professional programs can find their Academic Policies in Graduate and Professional Academic Standards and

Regulations (<https://catalog.luc.edu/academic-standards-regulations/graduate-professional/>) under their school. Any additional University Policies supercede school policies.

## LEARNING OUTCOMES

1. **Technical Knowledge:** Graduates will be proficient in advanced knowledge of supply chain management and methodologies for optimization, transportation, inventory, purchasing management, supply chain analytics, and risk analysis. This comprehensive skill set will enable them to become effective leaders capable of optimizing operations and making informed decisions in a dynamic business environment.
2. **Critical Decision Making:** Graduates will become adept at assessing risks, identifying opportunities for improvement, and devising innovative strategies to enhance supply chain efficiency and overall performance. Equipped with strong critical thinking skills, graduates will be well-prepared to tackle the complexities and uncertainties inherent in supply chain operations, contributing to the success and competitiveness of the organizations they serve.
3. **Ethics and Responsible Leadership:** Graduates will understand how to be a leader in business who exhibits personal integrity, ethical awareness, and an ability to apply ethical principles to business practice.
4. **Global Perspective and Awareness of Diversity:** Graduates will have a global perspective by recognizing international business issues and appreciating diversity, including culture, race, religion, and gender.
5. **Communication:** Graduates will be able to communicate effectively, orally and in writing.
