

SECONDARY EDUCATION (MED)

Earn a degree and certification to teach at the high school level at Loyola, a longtime partner of Chicago-area schools.

As a high school teacher, you will have the opportunity to support and influence students at a critical, formative time in their life. Here at Loyola, earn a master's degree through an immersive curriculum that places you directly in Chicago's classrooms, learning from other teachers and making a difference for students right away.

Curriculum

Accredited by the Council for the Accreditation of Educator Preparation (CAEP (<http://caepnet.org/>)) and by the Illinois State Board of Education (ISBE (<https://www.isbe.net/>)), Loyola's MEd in secondary education requires 36 semester hours. Upon successful completion of the program, candidates are eligible for an Illinois Professional Educator License with endorsements in their specific major grades 9–12, and an English-as-a-Second Language (ESL) teacher.

Length of Program

Candidates complete the program in one year (Summer, Fall, Spring, and Summer). This is a full-time, field-based program. Students have five years from acceptance to complete the program.

Continuous Enrollments

Master's students in Secondary Education are required to maintain the status of continuous enrollment during their program of studies. This means that during each semester of each academic year (excluding Summer Sessions), each student must enroll in at least one course. A formal leave of absence may be granted upon request and the approval of the School of Education's Assistant Dean of Student Academic Affairs.

This program follows a cohort model, enrolling a group of students who attend all of the required courses leading to a degree together. In this model, students benefit from networking and building professional relationships with one another during the course of their program. Once a cohort is formed, the students remain together for the duration of their program. The development of the cohort is contingent upon reaching the required numbers of enrolled students.

Licensure Requirements

Candidates must meet all Licensure Requirements (<https://www.luc.edu/education/academics/illinoisstatelicensure/>) including the Educational Teacher Performance Assessment (edTPA), which demonstrates expertise in content areas and pedagogy, as well as a reflection on classroom and clinical experiences.

Graduate & Professional Standards and Regulations

Students in graduate and professional programs can find their Academic Policies in Graduate and Professional Academic Standards and Regulations (<https://catalog.luc.edu/graduate-professional-academic-standards-regulations/>) under their school. Any additional University Policies supercede school policies.

Learning Outcomes

You will utilize information from theories and related research-based practices when making decisions and taking action in your classroom, using data to drive instruction and assess teaching and learning effectiveness. Plus, you will gain extensive experience engaging with diverse populations, including students labeled as English language learners, and have the opportunity to earn secondary endorsements in the following subject areas:

- Biology, Chemistry, Physics
- English
- Math
- History, Political Science, and Psychology
