

# FAMILY NURSE PRACTITIONER (DNP)

The Family Nurse Practitioner track of the DNP program is designed to prepare graduates to conduct advanced health assessments and histories, develop evidence-based treatment plans for acute and chronic disease management across the lifespan, manage overall patient care across the lifespan, and provide leadership in advanced nursing practice.

## Curriculum

This program is 72 credit hours.

Code	Title	Hours
<b>Core Courses</b>		
GNUR 404	Theories & Concepts for Advanced Clinical Practice	3
GNUR 405	Introductory Statistics for Healthcare Professionals	3
GNUR 407	Social Justice and Ethics in Health Care	3
GNUR 408	Research for Advanced Clinical Practice	3
GNUR 420	Leadership and Roles in Advanced Nursing Practice	3
GNUR 521	Population-Focused Health	3
GNUR 523	Health Care Policy and Economics	3
GNUR 545	Evidence Translation for Advanced Clinical Practice	3
GNUR 570	DNP Scholarly Project: Planning	1
GNUR 571	DNP Scholarly Project: Proposal and Pre-Implementation	2
GNUR 572	DNP Scholarly Project: Project Implementation	2
GNUR 573	DNP Scholarly Project: Analysis and Dissemination	1
<b>Role (NP) Courses</b>		
GNUR 413	Advanced Pharmacology	3
GNUR 425	Advanced Health Assessment Across the LifeSpan	4
GNUR 442	Advanced Physiology/Pathophysiology	3
GNUR 476	Basic Diagnostics for Advanced Practice	2
<b>Population (Family) Courses</b>		
GNUR 526	Management of Common Adult Health Problems	4
GNUR 528	Management of Complex Adult Health Problems	4
GNUR 529	Family-Focused Health Promotion and Disease Prevention	3
MCN 401	Child/Family Health	3
MCN 414	Childbearing/Family	3
MSN 433	Suturing and Acute Wound Management	1
<b>Practicum</b>		
GNUR 517	APN Practicum: Primary Health Care	1-6
MCN 516	Pediatric Primary Care NP Practicum	3

## Clinical Experiences

All DNP students are required to complete practicums that focus on acquiring the advanced skills and knowledge to meet FNP competencies. Faculty design all clinical rotations and secure placements for students. Loyola maintains academic-practice partnerships throughout the Chicago

metropolitan area with a focus on working with and in underserved communities.

An RN license and a minimum of 2,000 hours of recent RN clinical practice experience is required before beginning the first practicum.

## Graduate & Professional Standards and Regulations

Students in graduate and professional programs can find their Academic Policies in Graduate and Professional Academic Standards and Regulations (<https://catalog.luc.edu/graduate-professional-academic-standards-regulations/>) under their school. Any additional University Policies supercede school policies.

## Learning Outcomes

### PROGRAM GOAL

The goal of the Doctor of Nursing Practice (DNP) program is to prepare nurses to assume advanced roles in direct care and systems leadership domains at the highest level of nursing to improve health care outcomes through practice-based scholarship.

### PROGRAM OUTCOMES

At the completion of the DNP program, the graduate has the knowledge and skills to:

- Apply integrated scientific, knowledge and clinical judgements at the highest level of professional nursing practice.
- Evaluate health care delivery approaches and healthcare systems, with an emphasis on quality and safety.
- Apply best evidence in approaches to client and system-centered practices.
- Apply analytic approaches and information technology in the delivery and improvement of client-centered health care and health care systems.
- Employ ethics, leadership, and advocacy concepts to advance healthcare quality and equity for individuals, systems and populations.
- Implement intraprofessional and interprofessional leadership and collaboration competencies and methods, at the highest level of professional nursing practice in advancing health and health outcomes.
