Loyola’s Vocal Performance Concentration offers a program that emphasizes rigorous, conservatory-level study in a liberal arts setting. The curriculum is designed to support the artistry, citizenship, and intellect of the singer, as well as pedagogy, performance, and collaborative ensemble singing. Extraordinary singing is nurtured at every stage, as well as care of the whole person within the liberal arts environment.

In addition to the core music major requirements, students study diction, vocal repertoire, vocal pedagogy, vocal coaching, and ensemble singing. Students may also participate as soloists in oratorios, musicals, and opera scenes, as well as other performance opportunities. All Vocal Performance students are also required to give a full recital their senior year.

Recent performances include Mozart’s Requiem, Orff’s Carmina Burana, Faure’s Requiem, Schubert’s Mass in G, Robert Ray’s Gospel Mass, Opera Scenes, and James Whitbourn’s Annelies, which was performed with the Grammy-nominated Lincoln Trio. Additionally, the choirs participate in the annual holiday Lessons and Carols and JOYOLA, which collectively draw over 1200 people each year.

With a firm dedication to supporting social justice issues through the arts, Loyola’s vocal students often engage in performance that highlights issues of our time. The choirs are frequent collaborators with the Institute of Environmental Sustainability, having performed regularly at the Climate Change Conference. Other projects have included a Black History Month program, Holocaust remembrance programming, outreach to the homeless, frequent collaborations with Misericordia, and the annual Women’s Collegiate Choral Festival, celebrating women in the field of choral music.

In addition to supporting an outstanding faculty, Loyola also welcomes frequent guest artists. Recent guests have included Craig Terry (Lyric Opera), Richard Boldrey (Northwestern University), Rebecca Schorsch (Roosevelt University), Anne Harley (Scripps College), Shannon McGinnis (Collaborative Arts Institute), as well as area professional ensembles such as Bella Voce and William Ferris Chorale.

The Vocal Performance Concentration allows for the flexibility needed for students to pursue their love of singing, while simultaneously receiving a solid liberal arts education. Loyola music majors have gone on to become skilled educators, performers, arts administrators, music therapists, scholars, and most importantly, well-rounded young professionals.
